

capabilities

— where ideas come first

hatch X, is a custom fabrication facility capable of creating anything you can dream.

— mission statement

At **hatch X**, we bring bold ideas to life through expert craftsmanship and modern fabrication — from 3D printing and textiles to welding and custom builds. We turn imagination into reality one project at a time, helping our clients craft ideas that connect and experiences that resonate, all under one roof.

our process

Ideation/Strategy

Projects begin with big ideas and smart strategy — aligning vision, goals, and creative direction from the start.

Planning

We next map out details, ensuring timelines, logistics, and resources are fully aligned for a seamless build.

Design

Our design team transforms concepts into detailed, functional, and visually striking plans ready for production.

Fabrication

With expert craftsmanship and advanced technology, we bring it all to life — executing with precision, quality, and care.

Installation

Our experienced team brings expert knowledge to every installation, ensuring precise, efficient, and professional execution on-site.

capabilities

- experiential fabrication
- retail / restaurant / interior
- props / sculpture / 3D printing
- architectural & decorative
- trade show booths
- exterior / outdoor installations
- rental & modular solutions
- graphic production & print services
- event production & program management
- AND, anything you can dream

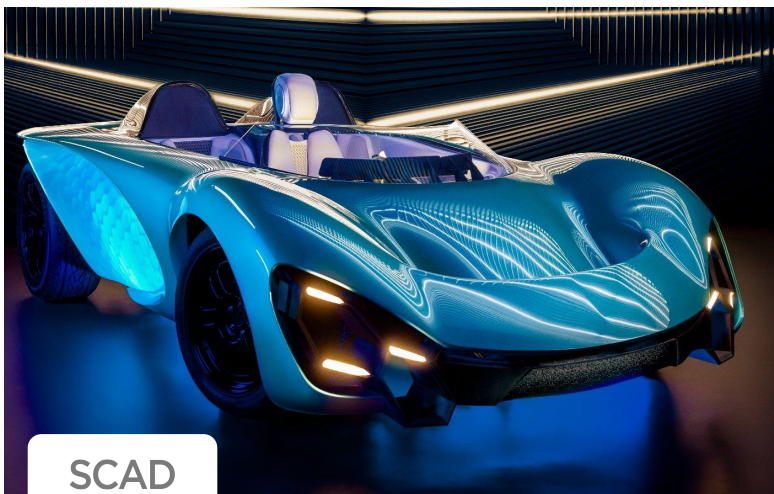

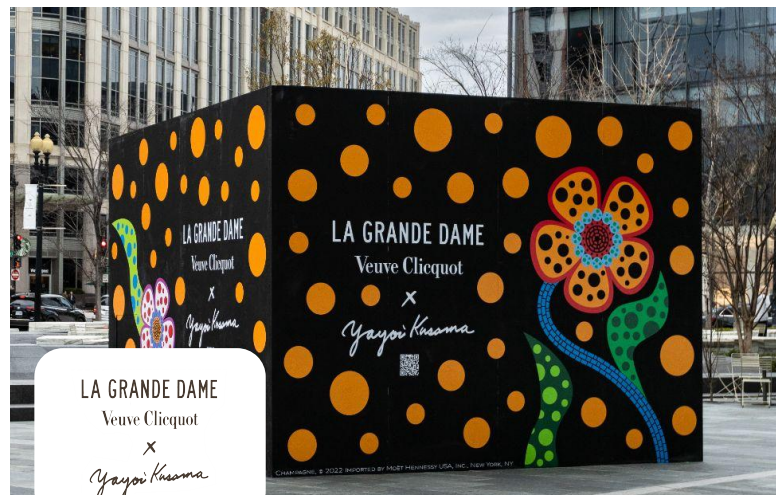

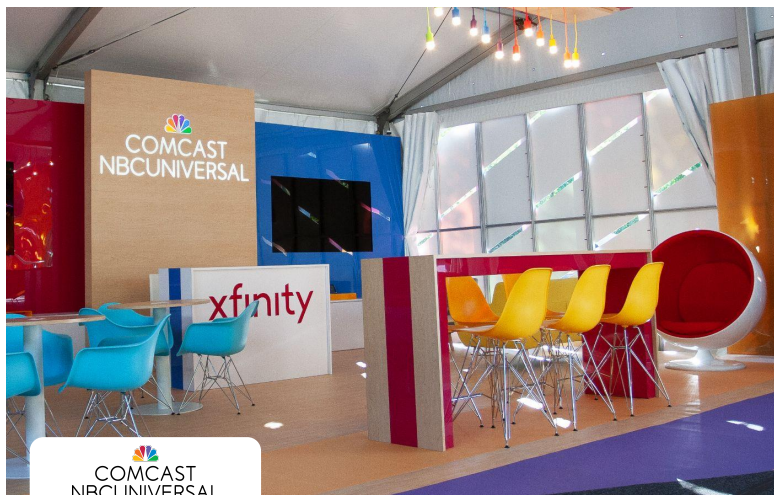

experiential fabrication

Our extensive digital manufacturing equipment complements the unparalleled skills of our world-class craftsmen, allowing us to create dynamic and engaging projects, tailored to enhance brand experiences. By integrating advanced technologies with artisanal expertise, we can produce bespoke installations that captivate audiences and effectively communicate brand narratives. This synergy not only ensures precision and innovation in our designs but also fosters a unique atmosphere where brands can connect more profoundly with their customers. The result is a seamless blend of creativity and functionality, making each project a powerful tool for brand engagement and storytelling.

INTUIT

retail / restaurant / interior

We excel in crafting immersive retail displays, engaging restaurant interiors, and thoughtfully designed shared spaces that captivate audiences and elevate brand experiences. Our skilled team combines strategic design, precision fabrication, and innovative materials to deliver visually impactful and highly functional environments tailored to client visions. With expertise ranging from custom fixtures and installations to comprehensive spatial layouts, we ensure each project not only meets aesthetic and operational goals but also enhances customer engagement and satisfaction.

props / sculpture / 3D printing

We specialize in the design and fabrication of custom props, sculptures, and one-of-a-kind creations, seamlessly blending traditional craftsmanship with cutting-edge technology. Our expert team brings artistic vision to life through meticulous handcrafting techniques and advanced 3D printing capabilities, including two large-format 3D printers capable of producing highly detailed, oversized components. This combination enables us to tackle unique projects of any scale or complexity, delivering bespoke solutions that exceed expectations in both precision and creativity.

rental & modular solutions

Offering rental and modular solutions our custom displays are both versatile and visually appealing, ensuring your booth stands out. We provide cost-effective rental options, allowing you to focus on your event without the burden of long-term investments.

Our commitment to excellence extends to setup and dismantle services, ensuring your experience is seamless from start to finish. Our extensive and regularly updated inventory caters to a variety of styles, enabling you to find the perfect fit for your needs.

We also prioritize sustainability, utilizing eco-friendly materials and practices. Our industry-leading online inventory management software adds a layer of efficiency, allowing clients to access real-time data and manage orders effortlessly. Experience outstanding service and innovative solutions with Hatch Exhibits.

rental & modular solutions

Custom Modular Displays

- Tailored designs to effectively showcase your brand.
- Versatility for various events and tradeshow.

Rental Solutions

- Cost-effective options for short-term events.
- Extensive inventory of high-quality materials and designs.

Seamless Setup and Dismantle

- Efficient installation services ensuring hassle-free experience.
- Options for assistance on-site during events.

Diverse Inventory Options

- A wide range of styles and configurations available.
- Regularly updated selection in response to market trends.

Sustainability Focus

- Eco-friendly materials and practices integrated into our solutions.
- Options for recycling and reusing modular components.

Advanced Online Inventory Management

- Utilization of industry-leading software for real-time inventory tracking.
- Easy access for clients to view available options and place orders.

graphic production & print services

Equipped with large format direct-to-substrate printers, state-of-the-art UV gel roll printers, and high-definition direct fixation dye sublimation fabric printing, we are capable of creating stunning visuals on a diverse array of materials. Our facility supports the direct printing of images onto rigid media up to 50mm (1.9685") thick, including acrylic, PVC, foam core, gatorboard, fabric, vinyl, wood, laminate, MDF, adhesive floor vinyl, glass, and paper.

Coupled with our innovative digital finishing solutions, robotic cutting, and automated sewing capabilities, our clients benefit from a one-stop solution, ensuring consistent quality and the flexibility to meet diverse project requirements—all under one roof. With Hatch, clients gain access to unmatched expertise and state-of-the-art technology, ensuring their vision is realized with precision and professionalism.

event production & program management

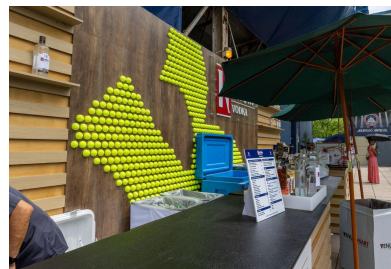

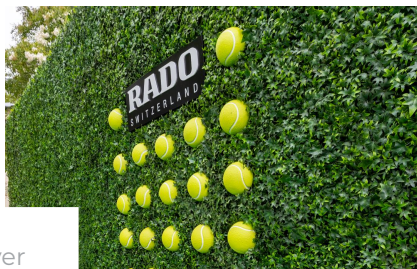

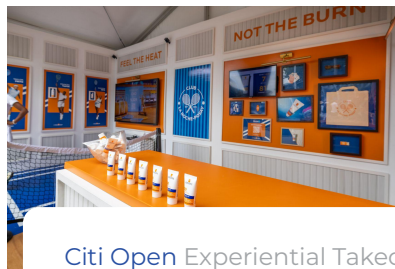

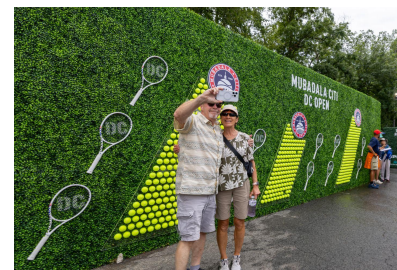

We are happy to work with you to create new designs or integrate booth designs into your upcoming sales meeting, launch event, corporate meeting, annual kickoff, festival or outdoor event. Our project managers work closely with audio, video, lighting and scenic teams to integrate each aspect of the event design into a cohesive production that meets your budget and exceeds your expectations.
